## Introduction to Hafren Dyfrdwy Community Fund

Our customers, and the communities we live and work in, are at the heart of everything we do. And that's why we're giving away £50,000 to support new projects by local charities and community groups in the Hafren Dyfrdwy region - helping to make a real and tangible difference in our communities.

In line with the Wellbeing of Future Generations Act for Wales, we want to work together to improve our environment and encourage healthier and more cohesive communities.

Our Fund is overseen by a Hafren Dyfrdwy Customer Panel who review applications, so ultimately, it is up to our customers to decide where our money goes!

Applicants can apply for between **£2,000-£10,000** for projects that are **unique**, have a **genuine community need**, and stand out as having a **real impact on improving community wellbeing**.

This pack has been designed to help you through our application process and to outline what to expect along the way. Still got questions after reading this document? Or you have a project idea but not quite sure if it is right for the Hafren Dyfrdwy Community Fund? Our Fund Officers are happy to help answer any additional questions.

To arrange additional Officer support, please contact [communityfund@hdcymru.co.uk](mailto:communityfund@hdcymru.co.uk).

## Before you apply

### Check your project is eligible and fits our aims

The first thing you need to do before you apply is to check whether your project is eligible for our Community Fund and that it fits our aims.

Our Fund has been designed to support the wellbeing of communities in the Hafren Dyfrdwy region. We seek to fund projects that link to three key elements of community wellbeing - People, Place and Environment - with favourability shown to projects that ideally lie within a 'sweet spot' that incorporates all three:

And of course, being a water company, naturally we'd love to see applications for projects that have a connection to water too (although not essential)! This might mean using the SuDS approach for installing grey water recycling or creating sustainable drainage and water efficient green spaces.

Both *capital* and *revenue projects* will be considered, as long as the project can evidence it will be **sustained beyond our initial investment without reliance on future grants**.

### Check whether your organisation and project are eligible

#### What we can fund

You can apply for a grant if your organisation is not for profit and you have a governing document. Applications can be made by organisations including:

- Local Authority or Parish Council
- Charitable incorporated organisation (CIO) / foundation CIO
- Registered Company (limited by guarantee) / Community Interest Company
- Registered Charity
- Volunteer / community group
- Foundation school, college or academy
- Community Amateur Sports Club (CASC)

The proposed project must be located in the Hafren Dyfrdwy region and the community it is benefiting must be Hafren Dyfrdwy customers. You can use the postcode checker below if you are unsure.

You can check whether your project is in our region using WaterUK's water supplier finder:  
<https://www.water.org.uk/advice-for-customers/find-your-supplier>

**IMPORTANT:** We can only accept 1 application per organisation for consideration. Please let your colleagues know that you are applying to our Fund.

### What we can't fund

Unfortunately, we can't fund:

- Individuals;
- Any organisation that is legally able to make a profit (e.g. limited liability partnerships, limited companies, sole traders);
- Work that is too closely linked to our core services (e.g. new or replacement water or waste pipes, new connections, cess pits or boreholes);
- Any Hafren Dyfrdwy costs, or improvements to Hafren Dyfrdwy or Severn Trent owned property/land (we can't allow Community Fund money to come back into any of the Severn Trent group businesses)
- General organisation or current project costs – your application must be for a new project;
- Projects where we are NOT the majority funder (51% or more of total project cost);
- Projects with a political or religious purpose;
- Projects not within the Hafren Dyfrdwy region;
- Projects that aren't sustainable (e.g. the project would need a further grant to continue beyond our investment);
- One off events or projects with a limited time frame;
- Retrospective costs – Project/work that has already taken place;
- Any organisation that cannot demonstrate appropriate governance;
- Any project that is to the detriment of Hafren Dyfrdwy and its interests (e.g. projects that use large volumes of mains water, that use mains water irresponsibly, or that do not use water efficient alternatives where possible);
- Projects that have already received funding from us.

Please see the next page for full list of ineligible costs.

## Check whether you can use the grant to pay for your proposed costs

Here is a list of our eligible and ineligible costs – if you are still unsure or if a certain project cost is not listed here, please get in touch with our team by emailing [communityfund@hdcymru.co.uk](mailto:communityfund@hdcymru.co.uk).

Yes! We can fund these costs	Sorry! These costs are not eligible
<ul style="list-style-type: none"> <li>• Labour required for the set-up of the project. Please note we expect projects to be paying at least the minimum Living Wage <a href="https://www.livingwage.org.uk/what-real-living-wage">https://www.livingwage.org.uk/what-real-living-wage</a>.</li> <li>• Running costs of the project, e.g. materials, room hire etc. You will need to show how you have calculated these costs.</li> <li>• Skills training and other course costs.</li> <li>• Administration costs directly associated with the project. Please ensure you allocate appropriate resource to complete the claim and monitoring reports for your project.</li> <li>• Costs directly associated with the beneficiaries/volunteers' involvement in the project, e.g., travel costs, childcare, subsistence while taking part in project activities.</li> <li>• Capital costs of improving a site or building.</li> </ul>	<ul style="list-style-type: none"> <li>• Any costs not directly associated with the running of your upcoming project.</li> <li>• Day to day running costs and organisation overheads.</li> <li>• Any retrospective costs i.e. those incurred before the start date on your award letter.</li> <li>• Any costs that cannot be fully evidenced to your organisation e.g. invoices not in the name of your organisation.</li> <li>• Any bank charges, legal fees, fines or penalty payments.</li> <li>• Activities promoting religious beliefs or political activities.</li> <li>• Activities that the state has a legal obligation to provide, e.g. core education, core responsibility flood alleviation, street lighting or pavement maintenance etc.</li> <li>• Marketing or promotion alone (must be part of a wider project).</li> <li>• Fundraising activities or challenges.</li> <li>• Conferences or seminars.</li> <li>• Research or feasibility activities.</li> <li>• Activities which collect funds for redistribution to other charities or individuals.</li> <li>• Overseas appeals, expeditions or overseas travel.</li> <li>• Water Fountains.*</li> <li>• Activities associated with reservoir swimming.**</li> <li>• Public toilets.</li> <li>• Work too closely linked to our core service.</li> <li>• Any costs to Hafren Dyfrdwy or the Severn Trent group (we can't allow Community Fund monies to come back into the business).</li> <li>• Drainage designed without SuDS approach (speak to us for more information on this).</li> <li>• Sports sponsorship.</li> <li>• Sports pitches or surfaces.</li> <li>• Sports kit or equipment alone (must be as part of wider project).</li> </ul>

### \*Why we can't fund water fountains

For water quality reasons we prefer to promote our Refill points at local bars and cafes across our region, where we know that they will be kept hygienic and we can keep our customers safe. Find your nearest Refill station here: <https://refill.org.uk/>, and for more information: <https://www.stwater.co.uk/wonderful-on-tap/refill-/overview/>.

### \*\*Why we can't fund reservoir swimming

Sorry, due to safety reasons we do not endorse open water swimming at our reservoirs.

## Ensure you have the correct documentation to fill out your application

As part of the application process, we will ask you to tell us about how your organisation is structured and how you manage finances. The following table sets out the key areas you will need to provide evidence for or confirm you have in place, and when in the process this is required.

**If you do not have all or any of these in place, let us know!** We may be able to signpost you to advice and guidance.

Evidence	Provide at Application stage	Provide at Grant Offer stage
<p><b>Legal Structure</b> A legal structure that is appropriate to the size and nature of the organisation, set out in a constitution or memorandum/articles of association that clearly outlines the aims and rules governing the organisation. This should include not for profit status, application of income and a dissolution clause/asset lock.</p>	✓	
<p><b>Accounts &amp; Financial Management</b> Full accounting records which are appropriate to the size and nature of your organisation including income and expenditure accounts plus the balance sheet.</p>	✓	
<p><b>Bank Statement</b> A recent bank statement (dated within the last three months) to confirm where the grant if awarded will be paid.</p>		✓
<p><b>Bank Account Signatories</b> Bank Account with at least two signatories for joint authorisation (not related or living at the same address).</p>		✓
<p><b>Project Consent Form/Lease agreement or deeds (Capital works)</b> If your project is making a physical change to your surroundings, we will ask to see your property deeds or lease agreement. These should be in the name of your organisation. If your project is being completed on leased land you must also have the landowner complete the project consent form. Please note, we require a minimum remaining lease term of 2 years. If your organisation has a rolling annual lease, we may be able to accept written confirmation from the landowner that your organisation is able to lease the land for the above terms. This will be reviewed on a case by case basis. If your project will be on third-party land, please contact us to check your project is eligible.</p>	✓	
<p><b>Letter of Support/Recommendation (where applicable)</b> If you have referenced a key partnership or an endorsement from a key stakeholder in your application, please make sure this letter endorses that.</p>	✓	
<p><b>Policies and Procedures</b> You will need to ensure you have policies and procedures in place relevant for your project. If you are unsure you can get help from your local infrastructure organisation or online sites such as the NSPCC <a href="https://learning.nspcc.org.uk/safeguarding-checklist/">https://learning.nspcc.org.uk/safeguarding-checklist/</a> Here are some examples of expected policies and procedures:</p>	✓ confirmation only	

**Equal Opportunities**

- References Equality Act 2010
- Policy should cover age, being married or in a civil partnership, being pregnant or having a child
- Disability, race, religion/belief or lack of, gender, sexual orientation, being or becoming a transsexual person
- Equal access to services and employment
- Preventing harassment and ensuring everyone is treated equally
- Complaints are dealt with fairly

**Employment**

Organisations must comply with all employment law including legislation on stakeholder pensions (if appropriate) and pay at least the minimum Living Wage (<https://www.livingwage.org.uk/what-real-living-wage>). Demonstrate good practice in personnel matters by having clear policies and procedures (Amendment) Act 2000, Sex Discrimination Act 1975, Disability Discrimination Act 1995, Equality Act 2010 and the Human Rights Act 1998 and provide appropriate training for trustees, staff and volunteers.

**GDPR Policy & Procedures**

All organisations are expected to comply with GDPR particularly where personal and sensitive data is collected and stored.

**Health & Safety Policy & Procedures**

Organisations must meet legal requirements under current Health and Safety regulations. In particular statutory obligations covering employees, volunteers and members of the public and buildings. For example, carrying out risk assessments and having fire certificates where appropriate.

**Safeguarding Policy & Procedures**

- Definitions of abuse and signs of abuse and a description of how abuse is different for adults (if working with both children and vulnerable adults);
- Procedure for reporting safeguarding concerns;
- Procedure for handling cases of disclosure revealed by DBS checks;
- The name of the person responsible for child protection;
- The name of the local safeguarding board;
- All staff, volunteers and Trustees who are working directly with vulnerable adults and/or children should have the appropriate DSB checks and there is an understanding of when enhanced DBS checks should be carried out;
- All staff, volunteers and trustees who work indirectly with vulnerable adults and/or children receive safeguarding training;
- Risk assessments are carried out to ensure vulnerable adults and/or children in your care are safe;
- Frequency at which the policy is reviewed, suggest annually.

<b>Insurance</b> Organisations must ensure that appropriate insurance certification and licences are in place. For example, public liability, professional indemnity (where appropriate) and employer's liability.	✓ confirmation only	If requested
---	---------------------------	--------------

### Accounting Records

The type of accounts we need will depend on the type of organisation you are:

- If you are a new organisation with no prepared accounts you will need to provide a projected income and expenditure forecast. This must include all secured and expected income (such as other grants) and expected expenditure. We cannot accept the accounts of any partners in lieu of this.
- From an organisation with income less than £25,000 we would expect to receive a basic document highlighting income and expenditure and any balance sheet items.
- From an organisation with income over £25,000, but less than £1 million we would expect to receive accounts that have been reviewed by an appropriately qualified person (this is not deemed an audit). We would expect this to be a slimmed down version, but still similar to the accounts that a large organisation produces. Audited accounts will be needed if total assets (before liabilities) exceed £3.26 million and the organisation's gross income is more than £250,000.
- From an organisation with income over £1 million we would expect to receive externally audited accounts. This is likely to be a reasonable-sized document with a detailed Trustee or Directors' report and notes to accounts.

### Bank Account

Your bank account **must** have a minimum of two signatories for joint authorisation **unrelated and not living at the same address**. This should be fairly straightforward to set up via your bank. You can apply for a grant without having two signatories in place, but if successful you will not receive any funding until your account requires two signatories and you can provide evidence of this. If two signatories are related, a bank mandate should be formed preventing them from signing together.

### Get planning permission

If any aspect of your project involves a change to an indoor or outdoor space, or activities will be taking place outdoors, you may need to get planning permission. Make sure you read the Welsh Government guidance on planning permission to check whether you need it or not: [www.gov.uk/planning-permission-england-wales](http://www.gov.uk/planning-permission-england-wales). If planning permission is needed, you will need to have received this before applying to us.

You'll also need to complete a Project Consent Form, which must be signed by the landowner to confirm you have consent and will comply with relevant planning rules and building regulations. We ask that this is submitted with your application. This form is available through the application portal.

## Secure any match funding

We would love to maximise our impact for every project we support. For this reason we encourage all applications to provide match funding, where possible. Match funding does not have to be in the form of cash. In-kind contributions for services or volunteering can also add a great deal of value to lots of projects.

Please remember we must be the majority funder of the project, so you'll need to be applying to us for at least 51% of the total project cost.

## Including Value-added Tax in your budget and application

You may need to pay VAT on purchases made as part of your project and we can pay for this within the grant. Make sure you check whether VAT needs to be included when you develop your budget. The amount of funding you request should only include VAT where you don't intend to, or can't, recover the VAT at a later date. If you later find that VAT claimed under the grant becomes recoverable, you must repay this amount to us.

## Check your timescales fit with ours

We can't allow grant money to sit untouched, so your project must start within 3 months of the grant offer date.

# Filling out the application

## Sign up to create an account

Once you have checked your organisation and project are eligible, and read all of our guidance, you are ready to start the process.

Firstly, you need to sign up to create an account on our application portal. Once you have created an account, you can use these log in details to log in at any point and see what stage your application is at.

The application portal link is <https://webportalapp.com/sp/login/hafrendyfrdwy> and can also be found through our webpage at [www.hdcymru.co.uk/communityfund](http://www.hdcymru.co.uk/communityfund).

You may find it handy to add the application portal as a favourite on your browser so you can easily access your application.

## Create a profile

Once you have logged on, you will be asked to create a profile. This should be a profile for your organisation's details. We will need the person filling out the application for the organisation to

provide us with their personal details and contact details for a second person that we can contact during the process.

Please triple check that the contact information you've entered is correct, as these are the details we will use to contact you throughout the process.

If either contact changes role or leaves the organisation, please let us know the name and email address of the person who will be taking over the application.

## Eligibility check

Now that you've created a profile, you can begin your application. You will be asked to certify that you meet our eligibility criteria, so please be open and honest at this point if you aren't eligible.

## Begin your application

We have designed our application form so it is easy to navigate, but if you have any queries, please contact us by emailing our team on [communityfund@hdcymru.co.uk](mailto:communityfund@hdcymru.co.uk).

Any question marked with an asterisk is required, so you won't be able to submit your application until all these questions have been answered.

You are able to save your application and come back to it another day if you wish, but please make sure you press 'Save Draft' before you do.

### TOP TIPS FOR COMPLETING YOUR APPLICATION:

- Read this document thoroughly before completing your application and refer back to it as you work through your application form;
- Make sure your answers link in well with the Fund's criteria and priorities;
- Back up your project ideas with evidence of need e.g. local consultation, statistics etc;
- Demonstrate the wide-reaching impact your project could have if funded. Be specific – don't just say 'it will benefit the whole community'. Instead, give measurable examples e.g. 'up to 70 people suffering with poor mental health would no longer feel isolated and could gain new skills and friendships';
- Please provide us with as much detail as you can as this will help our Panel make their decisions. But only if it is relevant! There is an opportunity at the end of the form to add additional documents, photographs or videos that you feel will support your application if you wish;
- Give us detail but write it as clearly and concisely as possible; you can use bullet points to get information across and please don't use the full word count limit unless you need it;
- The Panel need a clear and detailed breakdown of your project costs to see how any money would be spent. Please use our template, and make sure the totals match the amount of your full project costs and the amount you're requesting from us;
- Don't be afraid to show your passion for your project. You know why it is needed and the difference it will make – tell us!;
- Save, save, SAVE! Remember to save your work. You can return to your application form as many times as you like before marking as complete and submitting. Once you have submitted it you will not be able to alter it.

## Submit your application

Once you have marked your application as complete, don't forget to press SUBMIT within the portal homepage.

Please ensure that you are happy with your application before you mark as complete and press submit, because once you do you will not be able to go back and edit. You do have the ability to go back and edit your 'Profile' though, so if any contact details change during the process, please update your profile accordingly as soon as possible.

Once submitted, you will receive a confirmation email to confirm we've received your application.

You can also save and print your application from within the portal.

If there are changes within your organisation during the application or grant and you need to change the log in email address for the application, please contact us at [communityfund@hdcymru.co.uk](mailto:communityfund@hdcymru.co.uk).

**IMPORTANT:** If you've applied to another funder for the same project and you've been successful, congratulations! Please let us know as soon as possible so we can update your project costs or withdraw your application, to allow another project to be awarded.

The Panel are approving funding for the costs outlined in your application so, whilst we understand plans and costs may change post award, unfortunately we can't guarantee that all changes will be possible. Therefore please ensure the costs outlined in your application are as accurate as possible.

## Review and approval process

### Internal review

Once you have submitted your application, your application will now be with our internal team for internal review.

There are a number of things our internal team will need to do:

- Do a final eligibility check to make sure you can apply for the Fund
- Carry out due diligence checks
- Internal scoring and comments
- Get subject matter expert advice when necessary

Your application will be assessed and scored against the following criteria:

- **Community need:** Is there a significant need for this project in the community and evidence of good engagement with the community during planning?
- **Planning:** Is the project planned well with a detailed and robust budget breakdown? Have relevant permissions been considered; e.g. land ownership? Are there practical and thorough plans in place to measure the benefits of the project and how it's improved community wellbeing?
- **Sustainability:** How will the project be sustained and bring benefit beyond the investment period? How will you ensure the project will still be running in a few years' time and won't just rely on future investment?
- **Value for money:** Is the amount requested good value compared to the number of beneficiaries and overall impact of the project? Are costs expensive or inflated? Does the project seem like good value for money in comparison to similar projects?

Following these checks, there are 3 possible scenarios:

1. Your project is ineligible and/or is not a strong fit for our criteria. In which case, unfortunately we will let you know that your application will not be progressing.
2. Your application passes our internal checks in principle but there are a couple of things we need to clarify or we require further detail from you. In which case one of the team will be in contact with you to discuss.
3. Your application passes our internal checks and your application is progressed to our next stage, Community Fund Panel review. We'll send you an email to confirm this.

### Community Fund Panel review

If your project passes our internal review and is a good fit for our criteria, your application will then be taken to our Community Fund Panel for a final decision.

We expect our Community Fund to be hugely popular and so, whilst we'd love to, unfortunately we simply can't fund every application we receive.

Unfortunately, if your project is not successful, the Panel decision cannot be appealed. We will provide you with Panel comments and reasons why it was unsuccessful.

If your application is unsuccessful you are welcome to reapply to the Community Fund with a different project when the fund is open for applications.

We only reject applications with good reason so if you want to re-apply with a different project, please take the time to understand why your application was not successful and have a chat with us. We really would not want to disappoint you again.

Our Fund Officers are always available to discuss further applications with you.

## Grant offer stage and payments

Congratulations, the Panel has approved your funding and your application has been successful!

At this point, we will notify you that you have been successful and that you need to log onto your grant portal to view your Grant Offer letter.

There are 3 things you need to do before we can give you the funding:

- Read the Grant Offer letter and Terms and Conditions of the Grant carefully
- Accept the Grant by signing the agreement
- Provide us with your organisation's banks details (with two unrelated signatories for joint authorisation), a recent bank statement (dated within the last 3 months) and any other requested documents (such as project consent form or evidence of tenure)

Please complete the above within 7 days of receiving your offer letter to avoid any delays. Your offer will be subject to a final financial check.

If you have any queries or concerns regarding this offer letter, please get in touch with the team by emailing [communityfund@hdcymru.co.uk](mailto:communityfund@hdcymru.co.uk).

The payment will be made following acceptance of the grant and receipt of any required documents, as detailed in your offer letter, and will be made within a month of the project start date.

## Post offer

### Provide us with reports and updates on your project

We can't wait to hear how your project is progressing and see it completed, so there will be some required monitoring.

We expect all successful applicants to provide us with an End of Project report, and maybe an interim report, both of which we'll provide you with templates for. Information that will need to be provided includes:

- Evidence of the activities undertaken using the grant;

- Monitoring information, including information about number of beneficiaries and activities they're involved in;
- How you've promoted your project and the Hafren Dyfrdwy Community Fund;
- Evidence of expenditure both during and on completion of their project activities, so please keep a hold of any invoices or receipts you obtain along the way!

Your Grant Agreement may last for a number of years after your project completes, depending on the nature of your project, i.e. 5 years for capital and 1 for revenue.

## **Monitoring visits**

We'd love to see your completed project in person too, so you may receive a visit from a member of our Community Fund Team or Panel. The visit will be pre-arranged and will include discussions on the progress of your project, your budget and lessons learnt so far.

## **Promote your project and the Community Fund where possible**

A condition of your offer is that you promote your project and the Hafren Dyfrdwy Community Fund where possible, as this helps us sustain the Fund and to keep applications flowing. We will provide you with a toolkit, including press-release templates and Community Fund branding, to help you with this.

## **What to do if your project is delayed or encounters problems**

If your project runs into difficulties, please don't panic!

If you need help or support, get in touch with us by emailing [communityfund@hdcymru.co.uk](mailto:communityfund@hdcymru.co.uk) as soon as possible. The earlier you can tell us about a potential problem, the more likely we will be able to help.

You may experience changes to your delivery timeline or project costs due to factors beyond your control. Whilst we can't promise we will be able to accommodate all changes, please get in touch to discuss this with us. Any significant changes to the delivery of your project will be considered on a case by case basis and may need to be taken back to our independent Customer Panel for a decision.

## **Complete your project on time**

For all grant sizes, you must start your project within 3 months of the award date and complete your project within 12 months.

Extensions may be given in exceptional cases, but these cannot be guaranteed. Requests may need to be taken to vote at a Community Fund Panel meeting.
