Section 2: Assets to be diverted

Reason for diversion:

Timescales for programme of work

Start date:

Predicted end date:

1. Will there be any changes to the finished ground level from what it is now? If yes, please specify how much this will change by (mm).

2. What will be the maximum weight of any vehicles/machinery crossing the water main during and after construction?

Section 3. Construction details

Please note that changes to the main laying requirements will result in additional charges and may delay the installation.

On what basis you would like Hafren Dyfrdwy to carry out the water mains installation?

- Lay only (developer to excavate and backfill)
- Self construct: go to section 3A
- Hafren Dyfrdwy to excavate and backfill

Section 3 continued

We operate self construction schemes which allow developers to arrange for WIRS (Water Industry Regulation Scheme) accredited installers (SLOs) to lay mains, and/or services, on development sites. To search for a WIRS accredited installers visit www.lloydsregister.co.uk. This section needs to be fully completed for each site where a developer wishes to have the work self constructed.

Section 4. Checklist/required information and plans

Please note that incomplete submissions will be returned which will delay your application. To make sure your application is processed swiftly please ensure that you have completed all the questions on the application form and use the checklist below to include any supporting documents we may require. Please tick to indicate information is attached.

- a. Are you the land owner? (please provide evidence such as a copy of the title or deed for the land/property) Yes No
If no, is the area proposed for adoption by the Highways Authority? Yes No

Please note that seeking permission to excavate the land once the application has been made will delay the job completion process.

If yes, is it public or private land? Public Private

- b. Do you have permission to go through the land? Yes No

Please note that not having permission to go through the land will delay the application process.

- c. Have you consulted all relevant parties on archaeological and environmental issues? Yes No
d. Is there any other info which may be relevant to Hafren Dyfrdwy's work on the site? Yes No

If yes please give details:

Section 4. Checklist/required information and plans (continued)
