Hafren Dyfrdwy Board Assurance Statement

Indicative Wholesale Charges 2026-27

This assurance statement is in relation to Hafren Dyfrdwy indicative wholesale charges for 2026-27. We pride ourselves on being transparent about the information we publish, ensuring we are compliant with statutory and legal obligations and the requirements set out by Ofwat.

We believe high quality assurance is important in providing stakeholders with trust and confidence in the charges we apply and the information we publish.

Our assurance model – three lines of assurance

We operate a three lines of assurance model. This risk-based approach enables us to operate an effective programme of assurance. Areas that are higher risk receive the full three lines of assurance while other areas, where the risk is lower, are targeted with first or second-line assurance. This approach ensures we can continually reassess our assurance activity as risk is reduced in certain areas, where mature and stable processes exist, and increased where new risks are emerging, resulting in a proportionate and appropriate assurance spend.

Our three lines of assurance is explained in greater detail in our Annual Performance Report, offering a comprehensive overview of how the organisation upholds transparency, ensures accuracy and accountability, and maintains compliance with regulatory expectations, and is published on our website.

Our indicative wholesale charges process has been identified as one of our key focus areas both internally and externally by our customers and stakeholders. As such, the submission is reviewed by three lines of assurance, with the third line provided by:

- **Jacobs** – who review our methodologies and processes of how our charges are formed and ensure that we comply with our regulatory and statutory obligations.
- **Internal Audit** – provide data, process and completeness assurance.

Transparency and Public Accountability

To ensure that we are transparent in our approach we engage with CCW and other stakeholders to provide insight into our strategy and the impact on customer bills.

We produce and publish a Statement of Significant Changes document to inform stakeholders of the scope of proposed changes if we intend to make any significant changes to our primary wholesale charges. We publish this statement no later than six months before our final Wholesale Charges.

We also publish our full Indicative Wholesale Charges on our website [Hafren Dyfrdwy Regulatory Library](#) to ensure that all customers and broader stakeholders have access to our full charging document.

Assurance Findings

Jacobs confirmed: *“Based on our scope of work and the limited assurance undertaken, we did not find any material issues or misstatement. Subject to satisfactory completion of your engagement with CCWater scheduled for 8th September 2025, we consider that:*

- *The Company complies with its legal obligations relating to the charges set out in its charges schemes.*
- *The charges comply with legal obligations and the relevant charging rules.*
- *The Company has appropriate systems and processes in place to make sure that the information contained in the charges schemes is accurate.*
- *The Company has consulted with relevant stakeholders, including the Consumer Council for Water (CCWater), in a timely and effective manner on its charges schemes.”*

Note: please be advised that the CCW engagement meeting has now taken place

Internal Audit undertook a review focused on the following objectives:

- Reviewed the assurance schedule and risk assessment and confirmed that it is completed.
- Confirmed that all actions raised have been completed.
- Reviewed the assurance reports and confirmed that any material issues raised have been resolved.

Following their review, Internal Audit confirmed: *‘All assurance as outlined in the Assurance Framework has been completed. Internal Audit have reviewed the reports provided by Jacobs and confirm that recommendations have been tracked to completion. Some actions will complete in readiness for the final submission.’*

Hafren Dyfrdwy Board Assurance Statement

Indicative Wholesale Charges 2026-27

This assurance statement is in relation to Hafren Dyfrdwy's indicative wholesale charges for 2026-27. We want to be transparent about the information we publish, ensuring we are compliant with statutory and legal obligations and the requirements set out by Ofwat.

We pride ourselves on having a high-functioning, well-composed, independent and diverse Board and being transparent in all that we do. Maintaining the highest standards of governance is imperative, and our governance framework ensures that the Board is effective in both making decisions and maintaining oversight. Our Approach to Assurance is reflected in our Annual Performance Report, offering a comprehensive overview of how the organisation upholds transparency, ensures accuracy and accountability, and maintains compliance with regulatory expectations, providing more information about our governance, compliance and assurance frameworks and the outcomes of our assurance activities.

Board Assurance Statement

The Board considers that in approving the indicative wholesale charges the Company has applied the governance and assurance frameworks described in our Annual Performance Report. The processes and internal controls have been applied in a manner which has enabled it to satisfy itself, to the extent that it is able to do so from the information available, that the indicative wholesale charges comply with our statutory and regulatory obligations in all material respects. Therefore, the Board confirms:

- The Company complies with its legal obligations relating to the Wholesale Charges it has published; and
- The Board has assessed the effects of the new charges on water supply and sewerage licensees (as a whole or in groups) who are retailing wholesale services and on customers occupying Eligible Premises (as a whole or in groups) and approves the impact assessments and handling strategies developed in instances where bill increases for licensees (as a whole or in groups) who are retailing wholesale services and on customers occupying Eligible Premises (as a whole or in groups) exceed 5%; and
- The Company has appropriate systems and processes in place (including up-to-date models and data) to make sure that the information published about its Wholesale Charges is accurate; and
- The Company has consulted with relevant stakeholders in a timely and effective manner on its Wholesale Charges.

This endorsement can only apply to data supplied from our own systems and processes. Where we use data from other water and sewerage companies or from the Central Market Operator System, we do so on the basis that other companies apply similar measures to ensure that their data meets Ofwat requirements.

Signed by and on behalf of the Board:

James Jestic
Managing Director
Hafren Dyfrdwy Cyfyngedig

John Coghlan
